### THE REVIVAL AT CHRISTIAN CHURCH

The services continue this week. There was one accession to the church yesterday morning. Good attendance at both services. At night it was necessary to open the Sunday school room. Rev. McPherson preached two great sermons. In the morning the subject was the leper's cry, "Lord if Thou wilt, Thou canst make me clean." Tonight the subject will be "The Two Salvations." Remember the morning services at 10 o'clock and the night services at 7:45 o'clock.

### A. & M. GETTING READY FOR COMMENCEMENT

Rev. Peter Gray Sears and Dr. Odell Lovett of Houston To Commence Speakers In June.

Rev. Peter Gray Sears, rector

Christ church, Houston, will deliver the baccalaureate sermon at the commencement exercises at the Agricultural and Mechanical College of Texas and Dr. Edgar Odell Lovett, president of the William M. Rice Institute the Advancement of Literature, Science and Art, Houston, will deliver the address to the graduating class.

Robert F. Smith, associate professor of mathematics in the college, has been for years the chairman of the faculty committee on commencement program. He has been teaching in college longer than any man now connected with the institution, an number of years ago he became program committee chairman and he remained permanently in the work selecting a minister for the service he chooses from the various denominations, having in mind at all times what one was last selected. This fell to the Protestant Episcopal church, and Dr. Sears was invited to accept.

Dr. Lovett is much admired at college. He has made several visits to the institution and met many of its officers. There are also some who knew him before he came to Texas. He has been selected to address the graduating class because he is one of the most distinguished representatives in Texas of the higher education, the benefits of which are becoming more and more recognized in this state.
